Master list – World House program

The World House program includes a one-year, part-time First Level Executive Master Program – M1 (Master di Primo Livello, 60 ECTS) to choose from among the offered programs of Universities in Tuscany.

Applicants express 2 master program options of their interest in the application form. The final choice will be confirmed at the end of the selection process, before arriving in Italy, and prior to agreement with the educational staff.

Once confirmed, selected candidates cannot change the chosen master since it is linked to visa procedures. Universities confirm the academic offer for the coming year between June and July. If a chosen master is not included or change its general conditions, the staff will provide alternative options which are more suitable with the World House Program.

The following list includes eligible masters[1] . In the last years, former fellows attended masters in the list and we can provide additional information. For other inquiries, please write to apply@rondine.org.

MASTER NAME AND WEBSITE	UNIVERSITY	ACADEMIC AREA	LANGUAGE
Conflict Management and Humanitarian Action https://www.master-cmha.unisi.it/	Siena	Political Science; International Relations; Law; Peace & Conflict Resolution.	English
